## Apple iPhone 3G

### now available from Gibtelecom

That's right – the fastest and most powerful iPhone in the market place has been the latest addition to Gibtelecom's extended range of mobiles available at the Company's Customer Service Centre in John Mackintosh Square.

#### Key features include:

- Ultra slim design
- Multi touch interface (tap, flick, pinch and rotate) with built-in accelerometer
- iPod capability using the large 3.5" diagonal display allowing video and music playback
- Fast 3G (HSDPA) and Wi-Fi (802.11b/g) connectivity
- 3 Mega pixel camera and video recording
- Up to 2x faster than the previous model for apps and web page rendering
- GPS
- Voice control
- Access to a whole world of applications (business, fun and entertainment)

**£699**

As with all other Gibtelecom mobiles, these iPhones have been acquired through official distribution channels in order to ensure that the handsets are factory unlocked (i.e. unhacked/uncracked) thereby allowing users full, genuine access to all of the phone's features, functionalities and official software upgrades, without the risk of invalidating the manufacturer's warranty.
