March 2018

## Gibtelecom supports the Commonwealth Telecommunications Organisation (CTO)

Gibtelecom together with its data centres subsidiary Rockolo, were the main sponsors of the CTO (Commonwealth Telecommunications Organisation) Data Forum held on 21 and 22 February at the University of Gibraltar

The conference, hosted by HM Government of Gibraltar and opened by The Hon Sir Joe Bossano, Minister for Economic Development, Telecommunications and the GSB, was the first to be held by the CTO in Gibraltar. The theme was 'The Data Revolution:

Maximising Opportunities and Managing Risks', and it saw some 50 participants from 40 government and intergovernmental agencies, non-governmental bodies and enterprises from the Information Communications Technologies (ICT) and telecommunications sectors from Asia, Africa, the Caribbean, Europe and Pacific regions.

Delegates explored ways of monetising this growing data resource, as well as understanding the complexities and legal obligations from holding data and ensuring that privacy and security remain at the top of the agenda.

Gibtelecom worked closely with the CTO to develop the agenda for the event and participated in the conference as keynote speakers and through chairing some panel sessions.

For Further information on the CTO and upcoming events visit [www.cto.int](http://www.cto.int)

## 2018/19 Gibraltar Telephone Directory online entries

Customers are advised to check their entries for the next edition of the Gibraltar Telephone Directory

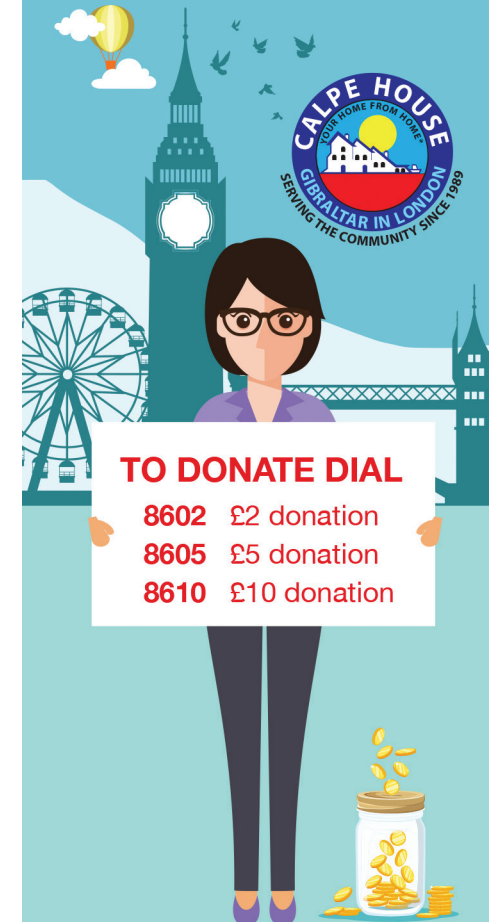

You can review your entry in the residential search facility online at [www.gibyyellow.gi](http://www.gibyyellow.gi)

If you would like to amend your entry, add an additional entry or remove your number from the Directory, the main Account Holder can do so by visiting Gibtelecom's Customer Services Centre at 15/21 John Mackintosh Square, or contacting your service provider.

Gibtelecom cannot guarantee that changes made after 2 July 2018 will be reflected in the 2018/19 Gibraltar Telephone Directory.
