

Gibtelecom supporting the community

Gibtelecom once again supported various local Charities during the first few months of 2019

The Company donated £1000 towards Childline and also supported Blue Week in aid of the charity. Childline is a local voluntary organisation which aims to contribute to the local community in ways which protect and support children in need, through a pro-active strategy of education and awareness. They offer a range of services, which include providing a free

and confidential Helpline service (8008) which is sponsored by Gibtelecom.

Gibtelecom also supported Autism Awareness Day on Friday 12 April with members of staff wearing bright colours. This is aimed at raising the charity's profile and increasing understanding and acceptance of people with autism.

HelpmelearnAfrica is a charity whose aim is to help children throughout Africa gain an education and it provides educational assistance to children across Africa as well as infrastructure, such as school buildings and educational aids. Gibtelecom provided the charity with a free premium number, donating its share of calls towards this worthy cause. Calls cost £1 and callers are automatically entered into a draw to win a Samsung handset which was also donated by Gibtelecom - to donate £1 please call 8973 (mobile surcharges apply and please seek the billpayer's permission prior to calling).
